Altering the future for Ferals

Adopting a pet is a long-term commitment

**Double your pleasure, double your fun,
Please adopt two, instead of one!**

It rewards us greatly to give our rescued kittens a chance for a better life. The purpose of our work is to stop the unchecked breeding, until every cat is a wanted cat. If you would like the opportunity to give one (or two) of our kittens a home, please fill out this form. Since we depend on private funding to continue our work with feral cats, we ask for a tax-deductible donation of \$65 (\$110 for a pair).

Why do you want to adopt a cat/kitten?

Do you have time for a pet in your life, or are you gone most of the time (working, traveling, active social life, away weekends). We strongly suggest adopting two or more cats/kittens if you are away from home much of the time.

What is your household like, hectic with lots of activity or on the quieter side?

Please give two references:

I agree to provide my adopted kitten(s) with all the proper medical and vet care including any remaining vaccinations. I will never have my cat declawed.

Please BRING A CARRIER with you when you adopt, because it is not safe in the car without one. We do not allow cats/kittens to be removed from our care without a carrier.
